

In your second coursework project, you learn more advanced photoshop and lighting techniques. Your task is to capture someone's true character in a photograph.

This term we will explore the power of photography as a medium. How is photography used to communicate? In this term, you will start to learn how to use cameras and handle files.

**Term 1 -
Welcome to
your course.**

**Term 3 - Portrait
Photography**

**Term 2 -
Drawing With
Light**

In your first coursework project, we explore light painting and long exposures. Your task is to create an advert using these techniques.

Year 9

YEAR 11

Your exam is in April, as soon as this is completed, you have finished your course! Congratulations.

In the third coursework project, you can explore any topic you like, as long as you can relate it back to the theme, Right Here, Right Now

Stealing Souls

Term 1 -
Independent Project

Term 3 - **Course finished!**

Term 2 - **Exam Paper**

YOUR FUTURE!

You'll have several projects to choose from in the exam paper. During the development of your project, you will be gathering ideas, researching and test shooting in readiness for the timed exam.

Year 10
